Objectives

Refine stereognostic sense

Muscular development

Tactile sense sharpens visual perception of solid

figures

Learning outcome

Preparation for geometry by studying three dimensional solids

Aid the vital skill of concentration

Introduction of new vocabulary

Bring awareness of 3-dimensional shapes to objects in the environment

Arithmetic Activities

Static part beads and cards

Seguin board-I

Objectives

Introduction of decimal system

Names and its quantities

Units

Tens

Hundreds

Thousands

Learning outcome

Preparation for the four mathematical operations

Develop order

Concentration

Coordination

Handling of large quantities in different higher hierarchies

Language Activities

Movable Alphabet Box-‘sh’ sound

Classified pictures (Doctor Set)

Rhymes

Story telling

Objectives

Enrichment of vocabulary

Formation of words with ‘sh’ sound

Learning outcome

Enhancing reading and writing skills

Encourages creativity and imagination skills

Improves Listening Skills
