Parents' Feedback on Preferred Method of Instruction for Grades I to V

Dear Parents,

As per the directive of the State Government Dated 10/06/2020 Online Classes have been stopped for the students of Grades I to V in Karnataka State. However, as the re-opening date is uncertain hence we need to find some mechanism in which the Academic Learning of the students for these Grades can go on until we re-open the School.

We therefore request you to fill the below Survey Form by **7:00 PM on 28/06/2020 (Sunday)** to let us know your opinion on the Preferred Method of Instruction for your ward. The link for the survey form is given below.

Note: Based on the response received from the majority of parents, the school will decide the next course of action towards the Academic learning of the students for Grades I to V.

Regards,
Principal
